Resume Summary

I am a software developer focused on Laravel, with hands-on experience in building RESTful APIs, GraphQL services, and admin panels. I have worked with technologies such as Laravel, PostgreSQL, MySQL, MongoDB, and JavaScript. With the experience I gained from the projects I contributed to, I believe I can add meaningful value to your company's needs and ongoing projects.

Experience

Software Developer

Asiste Software Agency | August 2024 - September 2024

I develop RESTful and GraphQL APIs with Laravel, and I use MongoDB and PostgreSQL in a hybrid structure. I optimize data modeling and management with Eloquent ORM. With Laravel Reverb, I build WebSocket-based real-time systems, actively working on live data flows such as chat and notifications. I also develop modern, user-friendly admin panels using Laravel Blade and create interactive interfaces with Vue.js.

Software Developer

Netpus Yazılım | January 2024 - June 2024

I took an active role in the development processes of CRM, ERP, and CMS projects. I contributed to building modules such as user roles, authorization, data management, e-invoice integration, and virtual POS integrations using Laravel.

Intern

Metadata Bilişim | June 2021 - August 2021

We analyzed and improved projects developed with Kotlin. I gained experience in teamwork, version control with Git, and corporate software development processes.

Intern

Türk Telekom | September 2018 - June 2019

Education

Anadolu University

Management Information Systems | September 2022 - Ongoing

Bachelor

Afyon Kocatepe University
